

Per velocizzare i calcoli, possiamo eseguire in riga quello che si fa in colonna. Inizia sempre sommando le unità. Osserva:

The image shows the equation $23 + 15 = 38$ in a large, bold font. The numbers 23 and 15 are underlined. A bracket under the units digits (3 and 5) is labeled with the number 3. Another bracket under the tens digits (2 and 1) is labeled with the number 8. The result 38 is also underlined. The number 3 is positioned below the first bracket, and the number 8 is positioned above the second bracket.
