

Per velocizzare i calcoli, possiamo eseguire in riga quello che si fa in colonna. Inizia sempre sommando le unità. ATTENZIONE, se si supera il 9 si formano decine da riportare!!!

$$\begin{array}{r} \overset{\cdot\cdot\cdot 2}{} \\ \hline 28 + 14 = 42 \\ \hline \end{array}$$

Diagram illustrating the addition of 28 and 14. The units column (8 + 4) is bracketed and labeled '3', indicating a carry of 3 to the tens column. The tens column (2 + 1 + 3) is bracketed and labeled '2', indicating a carry of 2 to the hundreds column. A small van icon with '+ 1 da' is positioned below the tens column. Dotted lines and arrows show the flow of the carry from the units to the tens, and from the tens to the hundreds.
